Mild Job Market Expected for Raleigh

September 9, 2008 – Raleigh area employers expect to hire at a moderate pace during the fourth quarter of 2008, according to the Manpower Employment Outlook Survey.

From October to December, 19% of the companies interviewed plan to hire more employees, while 12% expect to reduce their payrolls, according to Manpower spokesperson Jeff Stocks. Another 54% expect to maintain their current staff levels and 15% are not certain of their hiring plans.

“Employers anticipate staff levels to be much higher than the third quarter of 2008 when 4% of companies interviewed intended to add employees, and 19% planned to reduce staff levels,” said Stocks. “Compared to one year ago when 33% of companies surveyed planned to increase staff levels and 7% expected to cut payrolls, hiring intentions for the fourth quarter are weaker.”

For the coming quarter, job prospects appear best in Transportation/Public Utilities and Public Administration. Employers in Durable Goods Manufacturing and Services plan to reduce staffing levels, while those in Wholesale/Retail Trade voice mixed hiring intentions. Hiring in Construction, Non-Durable Goods Manufacturing and Education is expected to remain unchanged. Employers in Finance/Insurance/Real Estate are unsure of their staffing plans.

Of the 14,000 employers surveyed in the U.S., 22% expect to increase their staff levels during the October – December period, while 13% expect to reduce their payrolls, resulting in a Net Employment Outlook of 9%. Fifty-nine percent expect no change in hiring and 6% are undecided about their Quarter 4 2008 hiring plans.

The next Manpower Employment Outlook Survey will be released on December 9, 2008 to report hiring expectations for Quarter 1 2009.
